

DESIGNERS GUILD  
AUTUMN WINTER 2017

# AUTUMN WINT

In 17th century Holland, the humble tulip became the subject of obsession and more precious than gold and with a single bulb costing more than a house, the consumed with Tulip Mania. This season - so are we.

Expressive and brooding, painterly florals in exquisite colours and in a variety of scales. Wallpapers include statement damasks, as well as timeless decorative geometrics, textured plains and distressed finishes. Brilliantly coloured weaves and plains span a multitude of styles and uses.
