

## **MEASURING AND FITTING INSTRUCTIONS**

Points to consider before making your purchase:

1. We provide measurements of all our furniture to ensure our customers can, not only check it will fit in their homes, but check that it will also be in proportion to the rest of the room. Be sure to map out the space in your home to ensure you have enough space to easily walk around the piece of furniture.
2. All our bedsteads are made to fit UK standard mattress sizes.

Our Bed Sizes	UK Standard Mattresses incl. our Hypnos range
Single	90cm x 190cm
Double	135cm x 190cm
King	150cm x 200cm
Superking	180cm x 200cm

If you are buying a bed and already have a UK standard mattress, or, if you are purchasing both bed and mattress from us, please refer to the chart above to ensure you are purchasing the correct base for your mattress.

3. Once you have chosen your furniture we recommend that you confirm it fits into the room of choice and make certain that there is sufficient access to manoeuvre the piece into the room. If the item needs to be taken up or down stairs you should consider the clearance area of ceilings paying special attention to loft or basement conversions where access may be more restricted.

Although our beds come flat packed, larger items such as the slats and headboards are still considerable sizes. Allow for anything immovable that's going to get in the way of your furniture's passage to its destination, such as bannisters and radiators.

Designers Guild cannot risk damaging a property by forcing any furniture through tight gaps. We will not take off any doors/ remove windows etc. If the chosen furniture does not fit into the room of choice we will take it away and you will need to organise your own delivery subsequently. Storage will be charged in the event that it is required.

- Measure the widths (A) and the heights (B) of any doors, hallway access and entry clearance (C).

- Check that all widths and diagonal depths/heights of furniture are less than the entry dimensions B and C.

3. Lastly, please read through our fitting instructions carefully, or consult a professional fitter, should you need assistance with assembly or disassembly.

Please note all our online furniture range is delivered and assembled for you in your room of choice. As each piece is handmade, we recommend that you take full advantage of this service. Our team offers a comprehensive 2 man delivery service to the room of your choice and will assemble as required and take away any packaging. We must stress however, that measuring up for access is still essential and the responsibility of the customer.

If you need further help or information regarding our bedroom furniture please contact our customer services team at [ukonlinesales@designersguild.com](mailto:ukonlinesales@designersguild.com)
