In my View by Tricia Guild

In her new book, *In my View*, Tricia Guild presents a new interpretation of modernity as realised in her own homes in Italy and London. As well as celebrating the art of collaboration with contributions from Stephen Marshall, Architect, Arne Maynard, Garden Designer and Sally Storey, Lighting Designer, Tricia offers her own ideas for modern living both in the country and in town and shares the thoughts and beliefs that have shaped the way she lives now.

9" x 12" Z27/01

"I have always passionately believed in the art of living – the interiors that we inhabit and the things that we choose to surround ourselves with – has a profound effect on our well-being and happiness. At Designers Guild, our accessories collections are designed with this in mind – to offer you the freedom to explore your own sense of style and individuality. For Spring 2020, we welcome a new season abundant with an elegant mellow richness. Discover a true celebration of flowers, tailored and contemporary geometrics and beautiful new textures, realised in earthy tones of colour – all inspired by early twentieth century garden designers and their innovative use of natural wild planting".
